

CHARLES A. GOLDMARK DISTINGUISHED SERVICE AWARD HISTORY

Charles A. Goldmark was founding board member and the second president of the Legal Foundation of Washington who played a singularly important role in the creation of the Interest on Lawyers' Trust Account program (IOLTA) which enables low-income people in Washington State access the civil justice system. Since 1984, the IOLTA program has distributed more than \$128 million to provide the legal assistance and information necessary for the most vulnerable of our state's citizens to attain or retain some of the most basic human needs: shelter, food, and freedom from abuse and fear.

After his tragic death, the Legal Foundation of Washington's Board of Trustees created the Charles A. Goldmark Distinguished Service Award to recognize the providers of civil legal aid whose work furthers the objectives of LFW by making a positive impact on the lives of low-income people.
